REPORT OF THE TRUSTEES

YEAR ENDED 30 SEPTEMBER 2022

The Trustees present the report and financial statements of the Martin-Baker Pension Scheme for the year ended 30 September 2022. The financial statements have been prepared and audited in accordance with regulations made under sections 41 (1) and (6) of the Pensions Act 1995.

THE SCHEME

The Martin-Baker Pension Scheme provides defined pension and lump sum benefits payable to members on their retirement from Killinchy Aerospace Holdings Limited and Martin-Baker Aircraft Company Limited, or to their dependants on death before or after retirement.

LEGAL STATUS

The Scheme was established by an Interim Trust Deed dated 1 October 1973 and was governed by a Definitive Trust Deed and Rules dated 18 July 1983. A revised Definitive Trust Deed and Rules dated 13 November 1990 was created, being effective from 6 April 1988. A new Definitive Trust Deed and Rules was made on 26 July 2005, effective from that date. A Deed of Amendment dated 19 September 2013 closed the Scheme for future service accrual with effect from midnight at the end of 30 September 2013, although pensions payable to members who remain in service after that date are linked to final pensionable salary up to age 65. A Deed of Amendment dated 5 August 2019 discontinued the provision of Life Assurance under the Scheme with effect from midnight at the end of 30 September 2019.

The Scheme has been approved as an exempt approved Scheme under the terms of the Income and Corporation Taxes Act 1988. Since 6 April 2006 the Scheme has been classed as a Registered Scheme by HM Revenue & Customs as defined in Section 283, Part 1 of the Finance Act 2004.

TRUSTEES

Under the Definitive Trust Deed, trustees could be appointed or removed by the Principal Employer. This arrangement is no longer permitted and with effect from November 2006 the Scheme has had Member Nominated Trustees.

PARTICIPATING EMPLOYERS

The participating employers, whose employees are entitled to be members of the Scheme, are:

Killinchy Aerospace Holdings Limited Martin-Baker Aircraft Company Limited

There have been no employer related investments at any time during the year.

REPORT OF THE TRUSTEES (continued)

YEAR ENDED 30 SEPTEMBER 2022

INCREASE TO PENSIONS IN PAYMENT

Pensions arising from service after 5 April 1997 are subject to Limited Price Indexation (LPI). Any other increase is at the discretion of the Trustees. The Trustees have an obligation to review, in association with the Participating Employers, the level of pensions in payment every three years. The deficit at the end of September 2020 meant that they were not able to exercise their discretion to grant an increase to the pensions not subject to LPI.

FINAL SALARY PENSION SECTION

This section was closed to new employees with effect from 1 January 2005. This section was originally non-contributory, but with effect from 1 October 2006, members were required to contribute towards the cost of this arrangement. Members of this section could transfer to the Cash Benefit section, which was non-contributory. This section of the Scheme was closed to future service accrual with effect from midnight at the end of 30 September 2013 (as mentioned above).

CASH BENEFIT SECTION

Employees commencing service with the Principal Employer between 1 January 2005 and 30 September 2012 were eligible to join a section of the Scheme which provides a cash benefit on retirement in addition to Life Assurance while in active service. Members of this Cash Benefit section did not start to earn their retirement benefits until they had completed one year of service with the Company. If they did not exercise the option to join this section on completion of one year's service, the option lapsed. This section of the Scheme was closed to future service accrual with effect from midnight at the end of 30 September 2013 (as mentioned above).

DEATH IN SERVICE COVER

Since 1 October 2019, death in service cover is provided by a separate trust.

REPORT OF THE TRUSTEES (continued)

YEAR ENDED 30 SEPTEMBER 2022

MEMBERSHIP	<u>NOTES</u>	<u>2022</u>	<u>2021</u>
EMPLOYED MEMBERS WITH SALARY LINKAGE			
Final Salary Members Cash Benefit Members Members with both Final Salary & Cash Benefit	1	159 80 7	170 89 10
		246	269
PENSIONER MEMBERS			
Members receiving pension from Company service Members receiving Dependant's pension only	2	526 179	528 182
		705	710
DEFERRED PENSIONER MEMBERS			
Final Salary Members		180	189
Cash Benefit Members Members with both Final Salary & Cash Benefit	1	56 4	52 3
		240	244
TOTAL		<u>1191</u>	1223

NOTES

- 1. Some employees chose not to contribute towards the cost of the Final Salary Pension after the Scheme became contributory and became members of the Cash Benefit section of the Scheme.
- 2. Some Pensioners receive pensions from their own service with the Company and a Dependant's pension in addition, if their spouse had also worked for the Company.
- 3. Some Members have had two periods of service with the Company, which may have different rules applied to each period of service. This, plus the options available following "pensions freedoms", means that they may have entitlements to benefits in more than one of the categories appearing above.

REPORT OF THE TRUSTEES (continued)

YEAR ENDED 30 SEPTEMBER 2022

FINANCIAL HIGHLIGHTS	£000
The financial development of the Scheme during the year can be summarised as follows:	
The total of contributions received from the participating employers, death benefits and transfer values received during the year was	40
Gain realised on sales of investments	5,168
Investment and other income, less expenses, amounted to	1,395
Benefits paid, including transfer values and contribution refunds amounted to	6,603 5,666
Leaving a surplus to be added to the Accumulated Fund of	937
The value of the Fund at the beginning of the year was	125,008
(Decrease)/Increase in unrealised gains on investments	(10,825)
Unrealised losses on investments	(13,516)
Making the value of the Fund at 30 September 2022	101,604

ACTUARIAL POSITION

A copy of the Actuary's Certification of the Calculation of Technical Provisions as at 1 October 2020, signed on 11 May 2021, appears on page 30. The Valuation indicated that the resources of the Scheme are insufficient to meet in full the liabilities of the Scheme as they fall due, based on the Scheme's Statement of Funding Principles. The Trustees and the Principal Employer believe that this is a temporary situation. The Principal Employer has placed £15 million in an escrow account which the Trustees may draw upon if an actuarial deficit is shown by the Valuation on 1 October 2023. The Schedule of Contributions, which appears on page 31, shows that no contributions are required in respect of future accrual. The Schedule also states that no deficit funding contributions are required, because of the existence of the escrow account.

REPORT OF THE TRUSTEES (continued)

YEAR ENDED 30 SEPTEMBER 2022

TRUSTEES' RESPONSIBILITIES STATEMENT

The financial statements, which are prepared in accordance with UK Generally Accepted Accounting Practice, including the Financial Reporting Standard applicable in the UK (FRS102) are the responsibility of the Trustees. Pension scheme regulations require and the Trustees are responsible for ensuring that those Financial Statements:

- show a true and fair view of the financial transactions of the Scheme during the Scheme year and of the amount and disposition at the end of the Scheme year of its assets and liabilities, other than liabilities to pay pensions and benefits after the end of the Scheme year; and
- contain the information specified in Regulation 3A of the Occupational Pension Schemes (Requirement to obtain Audited Accounts and a Statement from the Auditor) Regulations 1996, including making a statement whether the financial statements have been prepared in accordance with the relevant financial reporting framework applicable to occupational pension schemes.

In discharging the above responsibilities, the Trustees are responsible for selecting suitable accounting policies, to be applied consistently, making any estimates and judgements on a prudent and reasonable basis, and for the preparation of the financial statements on a going concern basis unless it is inappropriate to presume that the Scheme will not be wound up.

The Trustees are also responsible for making available certain other information about the Scheme in the form of an Annual Report.

The Trustees also have a general responsibility for ensuring that adequate accounting records are kept and for taking such steps as are reasonably open to them to safeguard the assets of the Scheme and to prevent and detect fraud and other irregularities, including the maintenance of an appropriate system of internal control.

The Trustees are responsible under pensions legislation for preparing, maintaining and from time to time reviewing and if necessary revising a Schedule of Contributions showing the rates of contributions payable towards the Scheme by or on behalf of the Employer and the active members of the Scheme and the dates on or before which such contributions are to be paid. The Trustees are also responsible for keeping records in respect of contributions received in respect of any active member of the Scheme and for adopting risk-based processes to monitor whether contributions are made to the Scheme by the Employer in accordance with the Schedule of Contributions. Where breaches of the Schedule occur, the Trustees are required by the Pensions Acts 1995 and 2004 to consider making reports to the Pensions Regulator and the members.

REPORT OF THE TRUSTEES (continued)

YEAR ENDED 30 SEPTEMBER 2022

TRUSTEES' SUMMARY OF CONTRIBUTIONS

During the year, no contributions were paid to the Scheme by the Employer. No contributions were required to be paid to the Scheme under the Schedule of Contributions, as Life Cover is no longer provided under the Scheme.

Signed on behalf of the Trustees on 9th February 2023.

R J Martin Trustee P A Carpenter Trustee

INVESTMENT REPORT

YEAR ENDED 30 SEPTEMBER 2022

The Trustees aim to divide the Scheme investments between equities and bond-like instruments in order to manage the risk inherent in investment in one class of instrument. The Trustees perform regular reviews of the investment strategy and implemented a revised strategy during the 2019 Scheme year. The revised strategy reduced the exposure to equities from about 50% to about 30%. The aim of the current strategy is to reduce the volatility in the value of the investments held by the Scheme.

The Trustees' investment profile targets as at 30 September 2022 were:-

25-35% in the L&G Global Equity 60:40 Index Tracker Fund 10-20% in the L&G Over 5 Year Index-Linked Gilts Fund 20-30% in the M&G Long-Dated Corporate Bond Inc Fund 5-15% in the M&G Property Fund (INC) 15-25% in the abrdn Life Diversified Growth Fund

The L&G and abrdn investments are accumulation units. The M&G units are distribution units.

The annualised returns on the current investments for periods of one, three and five years ending 30 September 2022 are as follows:-

	<u>1 Year</u>	3 Years	<u> 5 Years</u>
L&G Global Equity 60:40 Index Tracker Fund L&G Over 5 Year Index-Linked Gilts Fund M&G Long Dated Corporate Bond Inc Fund M&G Property Fund (Inc) abrdn Life Diversified Growth Fund	- 5.5% - 29.3% - 36.4% +13.8% - 7.0%	+ 2.9% - 10.7% - 12.6% + 6.9% + 2.0%	+ 4.2% - 2.8% - 4.5% + 5.8% + 2.0%

During the last two years Covid-19 has affected the performance of all financial markets. The mini-Budget on 23 September 2022 had a serious negative effect on gilts and corporate bonds, resulting in significant unrealised losses on the Scheme's investments in these assets. The Trustees are, however, not too concerned by this, as the change in interest rates will have reduced the valuation of the Scheme's liabilities. Overall, the Scheme Actuary estimates that the funding position of the Scheme will have improved during the year. It is likely that there will be volatility in the future value of the Scheme investments.

INVESTMENT REPORT (continued)

YEAR ENDED 30 SEPTEMBER 2022

During the financial year, the managers of the M&G Property Fund (INC) decided to close the Fund and have commenced an orderly disposal of all of the Fund's assets.

The Trustees have commissioned another review of the Scheme's investments. The results of this review will be implemented during the 2023 Scheme year.

The distribution of assets at the beginning and end of the year is shown in the table below.

	30 September 2022 %	30 September 2021 %
UK Equities	20.4	20.1
International Equities	15.4	16.2
Miscellaneous	2.9	2.5
Fixed Interest & Cash	52.4	47.3
Gilts and Fixed Interest	37.6	44.1
Cash & Other Liquid Assets (including Cash at Bank)	14.8	3.2
Property	8.9	13.9
Total	100.0	100.0
Total Market Value of the Fund	£101,818,326	£125,064,302

The securities that are held by the Fund are regarded as readily marketable, with the exception of the M&G property units. As noted previously, the managers of this Fund have decided to close the Fund and liquidate all of the assets. All of the investments are made in accordance with the Statement of Investment Principles, a copy of which is available on website Scheme's the Pension viewed on also be lt can request. www.martinbakerpensions.com.

INDEPENDENT AUDITORS' REPORT TO THE TRUSTEES OF THE MARTIN-BAKER PENSION SCHEME

OPINION

We have audited the financial statements of the Martin-Baker Pension Scheme (the Scheme) for the year ended 30 September 2022, which comprise the Fund Account, the Net Assets Statement and the notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- show a true and fair view of the financial transactions of the Scheme during the year ended 30 September 2022, and of the amount and disposition at that date of its assets and liabilities, other than the liabilities to pay pensions and benefits after the end of the year; and
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- contain the information specified in Regulation 3A of the Occupational Pension Schemes (Requirement to obtain Audited Accounts and a Statement from the Auditor) Regulations 1996 made under the Pensions Act 1995.

BASIS FOR OPINION

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Scheme in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

INDEPENDENT AUDITORS' REPORT TO THE TRUSTEES OF THE MARTIN-BAKER PENSION SCHEME (Continued)

CONCLUSIONS RELATING TO GOING CONCERN

In auditing the financial statements we have concluded that the Trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Scheme's ability to continue as a going concern for a period of at least 12 months from when the financial statements are authorised or issued.

Our responsibilities and the responsibilities of the Trustees with respect to going concern are described in the relevant sections of this report.

OTHER INFORMATION

The other information comprises the information included in the Annual Report, other than the financial statements, and our Auditor's Report thereof. The Trustees are responsible for the other information contained within the Annual Report. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially mis-stated. If we identify such material inconsistencies or apparent material mis-statements, we are required to determine whether this gives rise to a material mis-statement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material mis-statement of this other information, we are required to report that fact.

We have nothing to report in this regard.

RESPONSIBILITIES OF TRUSTEES

As explained more fully in the Trustees' Responsibilities Statement set out on page 7, the Scheme's Trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Trustees determine is necessary to enable the preparation of financial statements that are free from material mis-statement, whether due to fraud or error.

INDEPENDENT AUDITORS' REPORT TO THE TRUSTEES OF THE MARTIN-BAKER PENSION SCHEME (Continued)

In preparing the financial statements, the Trustees are responsible for assessing the Scheme's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the Trustees either intend to wind up the Scheme or to cease operations, or have no realistic alternative but to do so.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material mis-statement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material mis-statement when it exists. Mis-statements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material mis-statements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

- We obtained an understanding of the legal and regulatory frameworks applicable to the Scheme. We determined that the following were most significant: the Pension SORP 2018, the UK Pensions Regulator (TPR).
- We obtained an understanding of how the Scheme complies with those legal and regulatory frameworks by making enquiries of the Trustees of the Scheme. We corroborated our enquiries through our review of correspondence during our audit work.
- We assessed the susceptibility of the Scheme's financial statements to material mis-statements, including how fraud might occur. Audit procedures performed included:
- Identifying and assessing the design effectiveness of controls the Trustees have in place to prevent and detect fraud.
- Understanding how those charged with governance considered and addressed the potential for override of controls or other inappropriate influence over the financial reporting process.
- Challenging assumptions and judgements made by the Trustees in significant accounting estimates.

INDEPENDENT AUDITORS' REPORT TO THE TRUSTEES OF THE MARTIN-BAKER PENSION SCHEME (Continued)

- Identifying and testing journal entries, in particular any journal entry posted with unusual account combinations; and
- Assessing the extent of compliance with the relevant laws and regulations.
- Assessing how the Trustees monitor pensioner existence and thereby ensure pensions are only paid to living pensioners.

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material mis-statement in the financial statements or non-compliance with regulations. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we will be less likely to become aware of any instances of non-compliance. The risk is also greater regarding irregularities occurring due to fraud rather than error, as fraud involves intention concealment, forgery, collusion, omission or misrepresentation.

A further description of our responsibilities is available on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

USE OF OUR REPORT

This report is made solely to the Scheme's Trustees, as a body, in accordance with Regulation 3 of the Occupational Pension Schemes (Requirement to obtain Audited Accounts and a Statement from the Auditor) Regulations 1996, made under the Pensions Act 1995. Our audit work has been undertaken so that we might state to the Scheme's Trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Scheme's Trustees as a body, for our audit work, for this report, or for the opinions we have formed.

Ward Will

Belgrave House, 39-43 Monument Hill Weybridge, Surrey KT13 8RN WARD WILLIAMS LIMITED Chartered Accountants and Statutory Auditor

13th February 2023.

INDEPENDENT AUDITORS' STATEMENT ABOUT CONTRIBUTIONS TO THE TRUSTEES OF THE MARTIN-BAKER PENSION SCHEME

We have examined the summary of contributions to the Martin-Baker Pension Scheme for the scheme year ended 30 September 2022, which is set out in the Trustees' Report on page 8.

STATEMENT ABOUT CONTRIBUTIONS PAYABLE UNDER THE SCHEDULE OF CONTRIBUTIONS

In our opinion contributions for the Scheme year ended 30 September 2022 as reported in the Summary of Contributions and payable under the Schedule of Contributions have in all material respects been paid at least in accordance with the Schedule of Contributions certified by the Scheme Actuary on 11 May 2021.

SCOPE OF WORK ON STATEMENT ABOUT CONTRIBUTIONS

Our examination involves obtaining evidence sufficient to give reasonable assurance that contributions reported in the attached Summary of Contributions have in all material respects been paid at least in accordance with the Schedule of Contributions. This includes an examination, on a test basis, of evidence relevant to the amounts of contributions payable to the Scheme and the timing of those payments under the Schedule of Contributions.

RESPECTIVE RESPONSIBILITIES OF TRUSTEES AND THE AUDITOR

As described more fully in the Statement of Trustees' Responsibilities, the Scheme's Trustees are responsible for preparing, and from time to time reviewing and if necessary revising, a Schedule of Contributions and for monitoring whether contributions are made to the Scheme by the Employer in accordance with the Schedule of Contributions.

It is our responsibility to provide a statement about contributions paid under the Schedule of Contributions and to report our opinion to you.

USE OF OUR REPORT

This report is made solely to the Trustees, as a body, in accordance with Regulation 4 of The Occupational Pension Schemes (Requirement to obtain Audited Accounts and a Statement from the Auditor) Regulations 1996. Our work has been undertaken so that we might state to the Trustees those matters we are required to state to them in an Auditor's Statement about Contributions and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Scheme's Trustees as a body, for our work, for this report, or for the opinions we have formed.

Belgrave House, 39-43 Monument Hill Weybridge, Surrey KT13 8RN WARD WILLIAMS LIMITED Chartered Accountants Registered Auditors

13 th February 2023

STATEMENT OF ACCOUNTING POLICIES

YEAR ENDED 30 SEPTEMBER 2022

Basis of Preparation

The financial statements have been prepared in accordance with the Occupational Pension Schemes (Requirement to Obtain Audited Accounts and a Statement from the Auditor) Regulations 1996, Financial Reporting Standard 102 – the Financial Reporting Standard applicable in the UK and Republic of Ireland issued by the Financial Reporting Council and with the guidance set out in the Statement of Recommended Practice (SORP) (revised June 2018), with the exception of the treatment of Additional Voluntary Contributions which are dealt with as explained in Note 7.

The financial statements are presented in Sterling, which is the functional currency of the Scheme and rounded to the nearest £.

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented unless otherwise stated.

Listed Investments

Listed investments are stated at fair value based on the quoted bid price for the relevant units at the year end.

Investment Income

Investment income and interest are accounted for when received.

Contributions

Following the closure of the Scheme to future service accrual, no ordinary contributions are required from either the participating employers or the members. If special contributions are required from the participating employers in future, these will be accounted for when received. The participating employers also meet the costs of administration of the Scheme. Since April 2014, the payments for these costs have been made directly to the providers, but before that date the relevant contributions were accounted for when due.

Expenditure

All expenses and benefits are accounted for on an accruals basis, except that no account is taken of the long term liabilities to pay benefits. Members who leave the plan are assumed to have taken a preserved pension until the Trustees are advised otherwise.

STATEMENT OF ACCOUNTING POLICIES

YEAR ENDED 30 SEPTEMBER 2022 (continued)

Going Concern

Covid-19 impacted the value of the investments during the 2020 Scheme year. The investments performed well during the 2021 Scheme year and the Scheme was probably in surplus as at 30 September 2021. The performance of the investments has been disappointing during the current year, particularly following the mini-Budget in September 2022. There has, however, been a significant increase in gilt yields, which will have resulted in a significant reduction in the value of the Scheme liabilities. The net result of the changes during the year is likely to have been an increase in the surplus as at 30 September 2022. The Principal Employer continued to be resilient to the effects of Covid-19. In order to protect the Scheme against volatility in the markets the Principal Employer funded an escrow account valued at £15 million. This escrow account may be used to fund a deficit if one is revealed by the triennial valuation due in 2023, otherwise the funds will be released to the Principal Employer.

FUND ACCOUNT

Net assets of the Scheme at 30 September 2022	101,603,914	125,007,902

The financial statements summarise the transactions of the Scheme and deal with the net assets at the disposal of the Trustees. They do not take account of obligations to pay pensions and benefits which fall due after the end of the Scheme year. The actuarial position of the Scheme, which does take account of such obligations, is dealt with in the Trustees' Report and Actuarial Certificates/Statements included in the annual Report and these financial statements should be read in conjunction with them.

These financial statements were approved by the Trustees on 9th February 2023.

The Scheme's investment assets are stated at fair value based on quoted bid value.

The change in market value of investments during the year comprises all increases and decreases in the market value of investments held at any time during the year, including profits and losses realised on sales of investments during the year.

7. ADDITIONAL VOLUNTARY CONTRIBUTIONS

Members were permitted to make Additional Voluntary Contributions which are invested with Utmost Life (formerly Equitable Life Assurance Society), Santander (formerly Abbey National plc) or Clerical Medical, at the contributing member's option. The funds accumulated by these contributions can only be used to provide additional pensions benefits within the overall limits allowed by HM Revenue & Customs.

In these accounts no value is placed on the investment accounts held by the Trustees under these arrangements. The benefits accrued under these arrangements are accounted for to the members concerned when the benefits become payable. The accumulated value of the investment accounts at the last anniversary of each fund amounted to £630,563 (2021: £652,706).

NOTES TO THE FINANCIAL STATEMENTS (continued)

YEAR ENDED 30 SEPTEMBER 2022

The funds accrued under these arrangements may be applied in a number of ways laid down by HM Revenue & Customs, at the member's option. The chosen benefits have to be purchased via the Scheme. The receipt of these funds by the Trustees is included in the transfers in for the year (See Note 1). The cost of the various benefits is included in the relevant heading in Note 2.

8. INVESTMENT RISK DISCLOSURES

FRS 102 requires the disclosure of information in relation to certain investment risks. These risks are set out by FRS 102 as follows:

Credit risk: this is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

Market risk: this comprises currency risk, interest rate risk and other price risk.

- Currency risk: this is the risk that the fair value or future cash flows of a financial asset will fluctuate because of changes in foreign exchange rates.
- Interest rate risk: this is the risk that the fair value or future cash flows of a financial asset will fluctuate because of changes in market interest rates.
- Other price risk: this is the risk that the fair value or future cash flows of a
 financial asset will fluctuate because of changes in market prices (other than
 those arising from interest rate risk or currency risk), whether those changes are
 caused by factors specific to the individual financial instrument or its issuer, or
 factors affecting all similar financial instruments traded in the market.

The Trustees determine their investment strategy after taking advice from a professional investment adviser. The Scheme has exposure to these risks because of the investments it makes to implement its investment strategy described in the Investment Report. The Trustees manage investment risks, including credit risk and market risk, within agreed risk limits which are set taking into account the Scheme's strategic investment objectives. These investment objectives and risk limits are implemented through the investment management agreements in place with the Scheme's investment managers and monitored by the Trustees by regular reviews of the investment portfolio.

Further information on the Trustees' approach to risk management and the Scheme's exposure to credit and market risks are set out in the Investment Report.

IMPLEMENTATION STATEMENT

YEAR ENDED 30 SEPTEMBER 2022

An expanded version of the Implementation Statement drafted by our investment consultants appears on the Scheme's website (www.martinbakerpensions.com). The expanded version includes links to the investment managers' websites, where they publish their full voting records.

HOW VOTING AND ENGAGEMENT POLICIES HAVE BEEN FOLLOWED

The Scheme invests entirely in pooled funds and as such delegates responsibility for carrying out voting and engagement activities to the Scheme's fund managers.

The Trustees undertook an initial review of the stewardship and engagement activities of the current managers at their 5 November 2019 Trustees Meeting and were satisfied that their policies were reasonable and no remedial action was required at that time.

The Trustees reviewed the stewardship and engagement activities of their investment managers on an ongoing basis during the year and were satisfied that the policies followed by the managers were reasonable and in alignment with the Trustees' own policies. No remedial action was required during the period.

The Trustees receive and review voting information and engagement policies provided by the asset managers, and our investment advisers as necessary, on an annual basis. The voting and engagement information is reviewed to ensure it aligns with the Scheme's policies.

The Trustees have appointed the following investment managers to carry out the day-to-day investment of the Scheme assets:

- Legal and General Investment Management ("L&G")
- abrdn (Aberdeen Standard)
- M&G Investments

Set out below is a table of the Scheme's funds:

Asset Class	Fund Name
E. Miles	L&G Global Equity (60:40) Index Fund
Equities	Lag Global Equity (60.40) muex i unu
Diversified Growth	abrdn Diversified Growth Fund
Property	M&G Investments Property Fund
Corporate Bonds	M&G Investments Long Dated Corporate Bond Fund
Gilts	L&G Over 5 Year Index-Linked Gilts Index Fund

IMPLEMENTATION STATEMENT

YEAR ENDED 30 SEPTEMBER 2022 (continued)

VOTING DATA

Voting only applies to funds that hold equities in their portfolio. The Scheme's equity investments are all held through pooled funds. The investment managers for these funds vote on behalf of the Trustees.

The table below provides a summary of the voting activity undertaken by each manager on behalf of the Trustees over the year to 30 September 2022, together with information on any key voting priorities and information on the use of proxy voting advisers by the managers.

Manager	abrdn	Legal and General
Fund Name	Diversified Growth	Global Equity (60:40)
Structure	Pooled	Pooled
Ability to influence voting behaviour of manager Number of company meetings the manager was eligible to vote on over the	The pooled fund structure means the Trustees to influence the r 610	s that there is limited scope for manager's voting behaviour 3,231
year Number of resolutions the manager was	8,640	41,030
eligible to vote on over the year Percentage of resolutions the manager voted on	97.3%	99.8%
Percentage of resolutions the manager	0.6%	0.1%
abstained from Percentage of resolutions voted <i>with</i> management, as a percentage of the	86.2%	82.0%
total number of resolutions voted on Percentage of resolutions voted <i>against</i> management, as a percentage of the	13.2%	17.9%
total number of resolutions voted on Percentage of resolutions voted contrary to the recommendation of the proxy adviser	9.7%	12.1%

The Scheme's allocation to the M&G Corporate Bond Fund and the L&G Gilts Fund do not offer ownership participation in a company through voting rights and therefore the managers cannot vote on behalf of the holdings within their fund.

The M&G Investments Property Fund is solely invested in the M&G Pooled Pensions UK Property Fund (PPLP). The PPLP has been excluded from the table above as M&G has stated that it is not applicable to the requirement to meet voting rights, as investors have access to PPLP via insurance policies issued by Prudential Pensions Limited.

IMPLEMENTATION STATEMENT

YEAR ENDED 30 SEPTEMBER 2022 (continued)

SIGNIFICANT VOTES

The change in Investment and Disclosure Regulations that came into force from October 2020 requires information on significant votes carried out on behalf of the Trustees over the year to be set The guidance does not currently define what constitutes a "significant" vote, so for this Implementation Statement the Trustees have asked the investment managers to determine what they believe to be a "significant vote". A summary of the data each manager has provided on three significant votes is set out below.

abrda Divorcified Growth Fund

abran, Diversified Growt	II Fulla		
Company name	VOTE 1 Lundin Energy AB	VOTE 2 Rio Tinto plc	VOTE 3 Walmart Inc
Summary of the resolution	Re-elect Ian H Lundin and Alex Schneiter as directors	Accept financial statements and statutory report	Report on impacts of restrictive reproductive healthcare legislation.
How the manager voted	Abstain	Abstain	Abstain
Rationale for the voting	In November 2021, the	abrdn is supportive of the work that the	While abrdn recognises the potential risks that

decision

Swedish Prosecution Authority announced that Ian Lundin and Alex Schneiter had been indicted in a long running investigation into the company's complicity in war crimes in Southern Sudan between 1997-2003. While the case is vet to go to court, abrdn engaged with the company to discuss their position on the board. Soon after this engagement, the company announced the board composition of its renewables business and abrdn notes that neither will sit on the board. Given the need for continuity until the transaction is complete, abrdn considered an abstention to be appropriate.

company has undertaken in both issuing the Broderick Report, facilitating engagement with its executive team & Chair and the action plan put in place to address the areas in the report. However, in light of the severity and nature of the report's findings, it believes that it would not be reflective of its clients' interests to support the financial statements and statutory reports. On this basis abrdn abstained on this resolution.

ses a change in legislation could pose, the nature of the proposal makes it unclear as to how the company could quantify and report on such risks. The company currently provides access to affordable healthcare coverage options for its salary, full-time, parttime, and temporary associates, and a number of other benefits. abrdn encourages it to take steps it deems necessary to uphold this commitment and be prepared for potential legislative change.

IMPLEMENTATION STATEMENT

YEAR ENDED 30 SEPTEMBER 2022 (continued)

abrdn, Diversified Growth Fund (continued)

Criteria on which the vote is considered "significant"

abrdn deems these votes significant because they:

- Focus on votes which receive public and press interest, with a focus on their large, active holdings
- Focus on votes which reflect significant governance concerns regarding the company
- Are resolutions proposed by abrdn

IMPLEMENTATION STATEMENT

YEAR ENDED 30 SEPTEMBER 2022 (continued)

Legal and General, Global Equity Fixed Weight (60:40) Index

Company name	VOTE 1 Royal Dutch Shell plc	VOTE 2 BP plc	VOTE 3 Apple Inc
Summary of the resolution	Approve the Shell Energy Transition Progress Update	Approve Net Zero – From Ambition to Action Report	Report on Civil Rights Audit
How the manager voted	Against	For	For
Rationale for the voting decision	L&G acknowledges the substantial progress made by the company in strengthening its operational emissions reduction targets by 2030, as well as the additional clarity around the level of investments in low carbon products, demonstrating a strong commitment towards a low carbon pathway. However, L&G remains concerned by the disclosure plans for oil and gas production and would benefit from further disclosure of targets associated with the upstream and downstream businesses.	While L&G notes the inherent challenges in the decarbonisation efforts of the Oil & Gas sector, L&G expects companies to set a credible transition strategy, consistent with the Paris goals of limiting the global average temperature increase to 1.5°C. It is its view that the company has taken significant steps to progress towards a net zero pathway, as demonstrated by its most recent strategic update, where key outstanding elements were strengthened.	A vote in favour is applied as L&G supports proposals related to diversity and inclusion policies as it considers these issues to be a material risk to companies.
Implications of the outcome	L&G will continue to engage on these issues and monitor	with its investee companies, p company and market level pro	ublicly advocate its position gress.

Criteria on which the vote is considered "significant"

L&G considers this vote significant as it is an escalation of its climate related engagement activity and its public call for high quality and credible transition plans to be subject to a shareholder vote.

L&G considers this vote significant as it is an escalation of its climate related engagement activity and its public call for high quality and credible transition plans to be subject to a shareholder vote.

L&G views gender diversity as a financially material issue for its clients, with implications for the assets it manages on their behalf.

IMPLEMENTATION STATEMENT

YEAR ENDED 30 SEPTEMBER 2022 (continued)

EXAMPLES OF ENGAGEMENTS UNDERTAKEN

The investment managers may engage with investee companies on behalf of the Trustees. The table below provides a summary of the engagement activities undertaken by each manager during the year for the relevant funds.

Engagement activities are limited for the Scheme's gilts funds due to the nature of the underlying holdings, so engagement information for these assets has not been shown. The engagement information for the M&G Property Fund is also not shown because the Fund is in the process of winding up.

Manager	Legal & General	abrdn	M&G Investments
Fund Name	Global Equity (60:40) Index Fund	Diversified Growth Fund	Long Dated Corporate Bond Fund
Does the manager perform engagement on behalf of the holdings of the fund?	Yes	Yes	Yes
Has the manager engaged with companies to influence them in relation to ESG factors in the year?	Yes	Yes	Yes
Number of entities engaged on behalf of the holdings in this fund in the year	381	Not available	9
Number of engagements undertaken at a firm level in the year	576	2585	134

Example of firm level engagement activity undertaken during the year to 30 September 2022.

abrdn

Megaport (Australia)

At the company's AGM in October 2021 the company sought shareholder approval to grant 100,000 options to three non-executive directors (NEDs). abrdn does not generally support the grant of options to NEDs as this is not in line with local market guidance and the grants may impact the directors' independent judgement. abrdn engaged with the company to express its concerns and voted against the proposal. The resolutions failed, with 57% of votes against.

Martin-Baker Pension Scheme Certification of the Technical Provisions

Calculation of Technical Provisions

I certify that, in my opinion, the calculation of the Scheme's Technical Provisions as at 1 October 2020 is made in accordance with regulations under section 222 of the Pensions Act 2004. The calculation uses a method and assumptions determined by the Trustees of the Scheme and set out in the Statement of Funding Principles dated May 2021.

Martin-Baker Pension Scheme Schedule of Contributions

Status

This Schedule of Contributions has been prepared by the Trustees of the Martin-Baker Pension Scheme (the Scheme), after obtaining the advice of the Scheme Actuary appointed by the Trustees.

Contributions to be paid by the Employer from 1 October 2020 to 30 September 2025

The Scheme closed to future accrual on 30 September 2013 so no contributions are required in respect of future accrual.

As at 1 October 2020 the Scheme was in deficit on the Technical Provisions basis agreed by the Trustees and Employers, before taking into account the Escrow agreement dated 12 November 2019.

Since there was a deficit at the 1 October 2020 valuation, under the terms of the Escrow agreement, any funding deficit on the Technical Provisions basis at the 1 October 2023 valuation will be paid in full (up to a maximum of £15m). The deficit as at 1 October 2020 was £4,494,000, and so the funds in the Escrow account are expected to eliminate any deficit in the Scheme on the Technical Provisions basis following the 1 October 2023 valuation.

Martin-Baker Aircraft Company Limited shall separately pay the Pension Protection Fund levy and the expenses associated with administering and operating the Scheme.

The Employer may pay contributions in addition to the amounts shown above at any time.

This schedule has been agreed by the Trustees and the Employer

11th May 2021

Martin-Baker Pension Scheme Certification of the Schedule of Contributions

Adequacy of rates of contributions

I certify that, in my opinion, the rates of contributions shown in this Schedule of Contributions are such that the Statutory Funding Objective is expected to be met by the end of the period which the schedule is expected to be in force.

Adherence to Statement of Funding Principles

I hereby certify that, in my opinion, this Schedule of Contributions is consistent with the Statement of Funding Principles dated May 2021.

The certification of the adequacy of the rates of contributions for the purpose of securing that the Statutory Funding Objective can be expected to be met is not a certification of their adequacy for the purpose of securing the Scheme's liabilities by the purchase of annuities, if the Scheme were to be wound up.
